

Summer course

MUSICA IN VILLA

August 26 –September 2 2018

Varese

Due to some unexpected changes, we had to change the place where the course will take place, we apologize for the inconvenience. Since we are still dealing with the necessary organization, followed by the change, our internet site is not yet officially updated, therefor we present you some important information.

The course is organized by the association Italico Splendore and supported by the mayor of the city of Varese, Davide Galimberti, in order to offer an affordable high level musical education with great professional teachers in a beautiful and inspiring place.

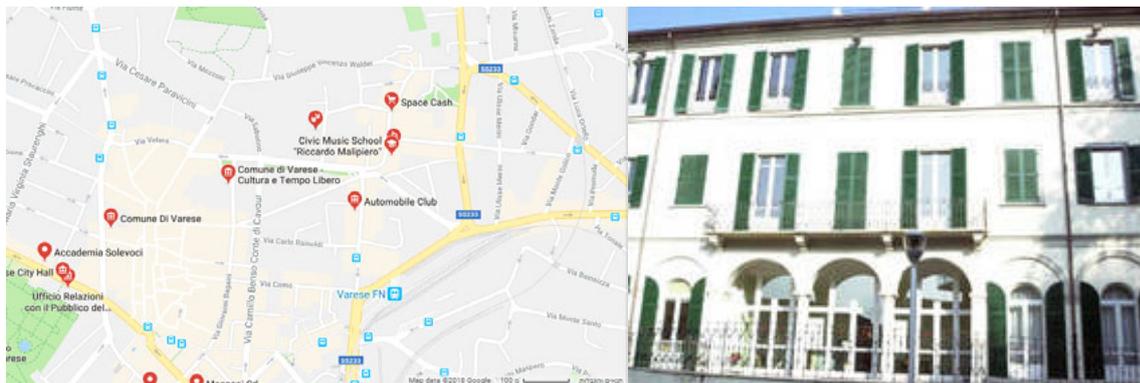

Position:

The lessons and part of the concerts will take place in the **Civic Music School "Riccardo Malipiero"**. The school is positioned in the center of the city and offers many rooms for lessons and practicing, most of them have Pianos and music stands.

The school also has a concert hall, which is normally used for the city's concerts, and will host some of the course's concerts.

The position of the school allows easy access to the train station, supermarket and the city center.

Adress: Via Giuseppe Garibaldi, 4, Varese

Concerts:

The main concerts will take place in the **Giardini Estensi**, a big garden which offers the possibilities to have the concerts outside in the open, as well as inside in the **Salone Estense**.

Accommodation:

We are looking for the best offer of accommodations in means of price, accessibility to the music school and the option to host of the participants of the course in the same place. We are in daily contact with the mayor that helps us looking for the best option. We asked for an offer around 45 euro per day, but we can't ensure it yet.

As soon as we will have an answer about the place and price we will inform you.

Arriving to the course:

For people out of Italy, it is recommended to arrive to Malpensa Airport and take a train from there (ca. 12 euro). We are trying to organize transportation, but we are still waiting for an answer about this option.

Costs:

The costs for the course itself (without accommodation) are the same as written in our internet site:

Instrument lessons only 350 e (5 lessons with the masterclass teacher)

Instruments lessons + chamber music 400 e

Chamber music lessons only 350 e

Orchestra only 350 e

More information about the association Italicò Splendore, about the teachers et.
